Microbrush Dry Tips

DryTips are Microbrush International's newest product offering in the moisture control category. Their saliva absorption capacity far outlasts cotton rolls and other absorbent pads and doesn't lose moisture when handled. DryTips facilitates work far back in the oral cavity by keeping the procedure area clean and dry.

Microbrush Applicators

Applicators bend easily for accurate placement of solution in hard to reach areas. Non-linting, non-absorbent fiber tips hold solution in suspension until applied. The applicator comes in a convenient plastic tube for easy dispensing.
