

# Exclusive offers on the 3M Scotchbond and Sof-Lex Range with BF Mulholland

**3M** Science. Applied to Life.™

Available until 31/08/21

## Scotchbond™ Universal Plus

3M™ Scotchbond™ Universal Plus Adhesive is the first radiopaque universal adhesive, minimising the risk of X-ray misdiagnosis and invasive overtreatment. It provides gold standard adhesion to all dental substrates, including glass ceramic, without the need for a separate primer, silane or activator. There is virtually no post-operative sensitivity. Together with 3M™ RelyX™ Universal Resin Cement it forms a fully aligned system, offering excellent bond strength for virtually all dual-cure resin cement indications.

### Suggested Applications:

- Bonding all composite filling, core build-up, sealant materials and resin cements
- System adhesive for 3M™ RelyX™ Universal Resin Cement
- Repair of all direct and indirect restorations
- Primer for all restoration materials
- Desensitization and seal of dentin
