

New product launches from Perfection Plus

SealEDPLUS

Pit & Fissure Sealant

A light cure radiopaque fluoride releasing sealant designed to protect the fissures. SealEDPLUS is an opaque low viscosity and flowable ensuring high penetration into the recesses of the etched enamel surface. Fluoride release of 2.52ppm after 24 hours.

PSP025

2 x 2g Syringe

Price £19.95/€23.54

BridgelT

Temporary Crown & Bridge Material

A self-curing material offering excellent aesthetic result combined with optimal mechanical properties making it ideal for provisional restorations. The formulation ensures low heat generation during the intra oral setting protecting against damaging the pulp.

Shades: A2 & A3

Price £41.95/€49.50

RestorePLUS Bulk

Polymer based restorative designed for class I and II restorations. Its outstanding handling characteristics ensure easy placement with excellent aesthetic results. Superior compression strength and low polymerisation shrinkage so less stress on the bond.

Syringe 4g

Shades: A1, A2 & A3

Price £17.50/€20.65

Capsules 20 x 0.25g

Shades: A1, A2 & A3

Price £23.40/€27.61

RestorePLUS Core Build

Dual curing flowable composite with great handling properties and high flexural and compressive strength. The highly radiopaque filler content ensures the radiopacity of the final core build and the concentration of nano particles provides exceptional resistance of the final restoration against edge fracture.

FMP256

Cartridge 25ml

Price £42.45/€50.09

FMP255

Syringe 5ml

Price £19.90/€23.48
